LET'S MINI.

## MINI NEXT. Certified Pre-loved MINI.

ALL-CLEAR.

UNCLEAR.

**SPIFFY.**

**IFFY.**

### **SPOT THE DIFFERENCE.**

Look once. Look twice. Look three times if you need to, because the difference between Spiffy and Iffy is hard to spot. At a glance the two cars appear identical but while one looks good; the other may be too good to be true. That's why there's MINI NEXT, a factory backed program that makes sure the difference between Spiffy and Iffy is much clearer, starting with a clearly complete service history from an approved MINI Garage.

Naturally, all MINI NEXT vehicles are only fitted with Genuine MINI Parts and Accessories and are put through the most rigorous inspection, no less than a comprehensive 100-Point Plus Check by our trained technicians. So look again – you're already seeing more sense than the guy who gave up his MINI in the first place.

### **SEE WHAT WE MEAN?**

It's tough to tell the Spiffy from the Iffy. That's why MINI NEXT provides 12 months or 25,000km scheduled servicing.<sup>^</sup> Whichever you see first.

Plus, MINI NEXT provides a 12 month, unlimited kilometre, nationwide MINI factory-backed warranty\* to protect you, with cover and support only MINI can offer.

And just when you thought you'd seen it all, MINI NEXT vehicles come with 12 months of MINI Roadside Assistance and Accident Management, which provides emergency help anywhere in Australia. 24/7. 365 days a year.\* They're always ready to help. And their eyesight is excellent.

You also have the option to extend your scheduled servicing, warranty and MINI Roadside Assistance and Accident Management coverage for an additional 12 or 24 month period.\*
